

## Science Week

19<sup>th</sup> – 23<sup>rd</sup> May 2025.

This week, all classes took part in Science week. We had a fun filled week completing exciting activities such as bubble experiments, making and shooting our own rockets, Animal Club visiting classes, topic-based Science experiments and a 'vibrations themed' music session. It has been a fabulous week and all students (and staff!) have thoroughly enjoyed themselves! 😊
