

## Hereford Bowling Trip

Just before we broke up for the Christmas holidays, a group of students from Woodpecker and Robin Classes enjoyed a trip to Hereford Bowl for a morning of Ten Pin Bowling. There were lots of local schools there, and the atmosphere was great.

Our students had a great time and I was particularly impressed with how they were so supportive of each other - cheering and clapping for their peers. We had a few technical difficulties with balls getting stuck in the gutters, but the staff there were very helpful and quick to sort.

This trip was an opportunity courtesy of Stride Active, an organisation supporting young people to access activities for an active life. We definitely had a fun time, and it was a lovely way to wind down before the Christmas holidays.
